STATE OF NEW HAMPSHIRE

TOWN WARRANT

Cheshire, ss.

To the inhabitants of the Town of Walpole qualified to vote in Town affairs:

You are hereby notified to meet at the Town House in said town on Tuesday, the 12th day of March, next, 1946, at nine o'clock in the forenoon, to act on the following subjects:

Article 1. To choose a Town Clerk, one Selectman for three years, Auditors, Town Treasurer, Road Agent, Collectors of Taxes, Trustees of Public Funds, Surveyors of Wood and Lumber, Fence Viewers, and all other necessary officers.

Art. 2. To raise money for the support of the town poor, for town library, for cemeteries, to build and repair highways and bridges, and for such other current expenses as may accrue.

Art. 3. To see if the town will vote to authorize its selectmen to raise money on notes of the town for current expenses, in anticipation of taxes.

Art. 4. To see if the town will vote to allow a discount on taxes.

Art. 5. To see if the town will vote to raise and appropriate $988.89 for Class V roads, the State to contribute $3,855.57.

Art. 6. To see if the town will vote to raise and appropriate $380 to the Monadnock Region Association.

Art. 7. To see if the town will vote to raise and appropriate $400 for eradicating White Pine Blister Rust.

Art. 8. To see if the town will authorize its selectmen to administer and dispose of and deed any real estate acquired by the town by tax collectors' deeds.

Art. 9. To see if the town will vote to accept such funds as have been left it during the past year.

Art. 10. To see if the town will vote to raise and appropriate $1,000 to improve the Wentworth road.

Art. 11. To see if the town will vote to appoint an Airport Committee of three citizens, authorized to consult with representatives of the Federal and State Governments in all matters pertaining to the selection and approval of a suitable airport site in accordance with requirements for elegibility to receive such Federal and State Funds as may be available for such purposes.

Art. 12. To see if the town will vote to discontinue the Fay Hill road, so called. Also to discontinue the Evans road, leading from the Derry Hill road near Hattie Palmer's place to the summit. Also the old Booth road beginning at the Hubbard road, north, and running to the old Booth pasture. Also the old road at Drewsville, beginning at a point on the Alstead road east from J. L. Baker's and running to the main road near Kenneth Hayes' place.

Art. 13. To see if the town will vote to purchase new road equipment and raise money therefor.

Art. 14. To see what sum the town will vote to raise and appropriate for the establishing of a surplus fund for building a school house.

Art. 15. To see if the town will vote to have a municipal audit.

Art. 16. To transact any other business that may legally come before said meeting.

Given under our hands this twenty-fourth day of February, 1945.

FRED A. RAMSAY,
JOHN E. AYLWARD,
JOHN W. PRENTISS,
Selectmen of Walpole.

A true copy. Attest:

We, the undersigned auditors for the Town of Walpole, have examined the report of the library treasurer and find it to be correct.

HAROLD O. PIERCE,
JOHN F. DOOLAN,
Auditors.

REPORT OF COMMITTEE ON TOWN LIBRARY

Among special library activities is the story hour being carried on by Mrs. George Harris who gives generously of her time to read to two groups of children, one of these, attended by eighteen or more children, is for a pre-school age and the other group for children from eight to ten years of age has a dozen or more in the group. All children in these age groups are welcome.

Great interest was shown in November when the library sponsored a loan exhibit of portraits of Walpole children done by Mrs. David Reed, a resident of our village. We were most fortunate to have such outstanding work to display.

The extension department of the state library loaned us an exhibit of children's books before Christmas which was helpful to parents in making selections of worthwhile books as gifts.

Two members of the library committee were busy through the Fall in preparing for circulation over a hundred books presented to the library by Mr. Francis B. Allen from the personal library of his uncle, the late Mr. John Bellows.

The loss of Mr. Charles Dalzell is keenly felt by the committee and we acknowledge gratefully his service.

The librarian reports a book circulation for the year of 6810 of which 2374 were juveniles.

Books have been donated to the library by Mrs. Guy Bemis, Mrs. Reynolds, Miss White, Miss Kinnian, Mrs. Van Demark, Mrs. J. G. Hall and Mrs. Endicott and the committee gratefully acknowledges them.

Because of the press of other duties Miss Margaret Walsh has retired as librarian of the North Walpole Library after many years of fine service. Her place has been taken by Miss Mary Marino. The circulation of books at the North Walpole Library for the year was 5543.

Respectfully submitted,
MARGARET P. PORTER,
Chairman.

CHARLES D. DALZELL

For twenty years Charles D. Dalzell faithfully and competently served the schools of Walpole. From 1926 to 1933 he was Headmaster of Walpole High School, and from 1933 until his untimely death he was Superintendent of Schools. He is remembered by his former students not only as one of the finest teachers they ever had, but as an understanding friend who was always glad to help and advise them. The records that his students made after graduating from Walpole High School were the result of his fine teaching and the inspiration that he instilled in them.

His influence as superintendent benefitted all the schools in Supervisory Union No. 60. He gave unstintingly and impartially of his time and knowledge alike to the small rural schools and the larger town schools. He was vitally interested in the improvement of education for all the children in the union. He was always available and willing to help any one of the teachers, and because of his broad and sympathetic understanding of the different problems confronting them, he was consulted and respected by them all.

The members of the school boards of the several towns in this union relied upon his judgment and he gave freely of his knowledge and time in helping them. He worked ceaselessly and unselfishly to improve the schools so that the boys and girls who attended them would be better and more useful citizens. He gave generously of his time and energy to all worthwhile civic activities as he was vitally interested in all matters that make for a richer and better life in the community.

The school board members, teachers and students who worked under Mr. Dalzell lost in his death not only an able administrator, a respected advisor, and an outstanding teacher, but a friend with whom it was a pleasure to work. We all feel keenly the debt which we owe him, and our greatest regret is that we did not in his lifetime let him know how deeply we appreciated the work which he did.

STATE OF NEW HAMPSHIRE
SCHOOL WARRANT

To the Inhabitants of the school district in the town of Walpole qualified to vote in district affairs:

You are hereby notified to meet at the town hall in said district on the 12th day of March 1946, at 2 o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.

2. To choose a Clerk for the ensuing year.

3. To choose two members of the school board for the ensuing three years.

4. To choose a treasurer for the ensuing year.

5. To determine and appoint the salaries of the school board and truant officer, and fix the compensation of any other officers or agent of the district.

6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

7. To choose Agents, Auditors, and Committees in relation to any subject embraced in this warrant.

8. To see if the district will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the district, as determined by the school board in its annual report.

9. To see if the district will elect to approve of the inclusion of its officers and employees (other than those eligible under the Teachers Retirement System) in the Employees Retirement System of the State of New Hamp-

shire, which system is provided for by chapter 27-A of the Revised Laws, as inserted by chapter 183 of the Laws of 1945, and as provided by chapter 201 of the Laws of 1945 and any subsequent amendments thereto.

10. If the district votes in the affirmative on the preceding article, to see if the district will vote to raise and appropriate the sum of dollars ($) for the purpose of providing funds for the district's contribution to said retirement system for the coming year.

11. To transact any other business that may legally come before said meeting.

Given under our hands at said Walpole, N. H., this 9th day of February, 1946.

AUSTIN HUBBARD,
GEORGE ROLAND,
E. E. RHODES JR.,
HELEN GALLOWAY,
JAMES L. BAKER,
JOHN S. ALYWARD,
School Board.

A true copy of Warrant—Attest:

AUSTIN HUBBARD,
GEORGE ROLAND,
E. E. RHODES JR.,
HELEN GALLOWAY,
JAMES L. BAKER,
JOHN S. ALYWARD,
School Board.

Due from selectmen, appropriations,	27,324 00
Amount for support of schools to June 30, 1946,	$34,793 08

LILLIAN G. SMITH,
Treasurer.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Walpole:

I herewith submit my first report as Superintendent of Schools:

This is the first peace-time school year since 1941. There is little need to review all the problems the schools have had to cope with during the period of national crisis. Probably the greatest problem has been in the field of personnel. At the beginning of the war era there were hardly more than enough teachers to fill all the classrooms. The colleges and universities were graduating only enough new teachers to take care of a moderate turnover. The enrollments of teacher-candidates had been falling off since depression days. The low wage scales then in existence and the generally unsatisfactory living and working conditions, as compared to office and other types of work, were not very appealing to high school graduates.

Immediately following this country's entry into the war and the expansion of armament production, industry launched a campaign for new workers, offering high wages and ideal working conditions. Many teachers took advantage of these offers. The armed forces also made attractive overtures with the result that the schools lost more teachers. These three factors account in a large measure for the shortage of teachers today. Present indications are that the situation will continue to get worse for several years, particularly in the elementary field.

There are high school teachers returning from the war effort and there shouldn't be too great a shortage of these another year, except in certain fields. The rural situation is really acute. There are no people preparing for rural schools, and haven't been for a number of years. The living conditions are unsatisfactory in the rural areas. It has been impossible to find any kind of living accommodations for the teachers in some communities. Other districts have been forced to furnish transportation to a larger community in order to have a teacher.

Today, almost every teacher is looking for a single grade, or at most, two grades in a larger community. Many rural schools have been closed and others will need to be as the number of available teachers diminishes.

Mr. Whittemore resigned in the spring to become director and teacher of agriculture of a private school in Massachusetts. Mr. Edwin Betz of Whitefield, N. H., was chosen as his successor. He is a graduate of the University of New Hampshire and has a Master's Degree from Bates College. He comes to Walpole with many years of experience in Franklin, Bethlehem and Milford.

Miss Anne McCushing and Miss Agnes Brennan, both of Keene, and graduates of Keene Teachers' College, were elected to teach the English and social studies for the high school.

It is very gratifying to know that steps are being taken towards a new school housing project. This is a much needed item as the present set-up is far from satisfactory. It is hardly necessary to point out the handicaps which must be overcome in carrying on school as it must be done at the present time in Walpole.

The larger the enrollment in a high school, the greater can be the service offered. There is going to be a demand for a wider choice of courses. The war has emphasized the need and desirability of certain types of employment. There is going to be more stress on physical activity and health than in the past. The great number of army rejects because of poor physical condition and defects has

awakened us to the need of adequate programs of development.

The gymnasium will be an important classroom—used throughout the day for classwork, and at night for public as well as school functions.

It is hoped that definite plans can be made so that construction may be started as soon as labor and materials become available.

SUMMARY OF ENROLLMENT
January 15, 1946

Walpole High School,	85
Walpole Junior High,	33
Walpole Elementary (Grades 1-6),	105
North Walpole Elementary (Grades 1-6),	139
North Walpole Sub-Primary,	17
Number 14 school,	21
Drewsville school,	15
Total,	415

Fifty pupils from North Walpole are attending high school at Bellows Falls.

HEALTH

Health inspection showed the following defects:

391 pupils were inspected.

30 pupils were underweight.

20 pupils showed defective vision-uncorrected.

261 pupils were in need of dental care.

3 pupils were unvaccinated-without proper excuse.

41 pupils were advised to have throat and nose examination by a physician.

375 pupils were given Audiometer tests—five were found to have defective hearing.

Dental clinics were held February 26 to 28th, and March 8th to 20th, 1945. Work done as follows:

Number of pupils treated,	96
Number of pupils having teeth cleaned,	90

Number of pupils having silver fillings,	117
Number of pupils having porcelain fillings,	29
Number of pupils having extractions,	29
Number of pupils having treatments,	9

89 pupils had their teeth cared for by their own dentist.

13 pupils had special eye examinations and defects corrected.

5 pupils were privately treated for tonsils and adenoids.

STATISTICAL REPORT FOR 1944-45

Total registration,	450
Average membership,	407.95
Percentage of attendance,	95.63
Cases of tardiness,	491
Visits by superintendent,	431
Number of pupils not absent or tardy,	35
Visits by citizens and others,	1,033
Half-days schools were in session,	352

BUILDINGS AND EQUIPMENT

The following repairs and improvements were made at the schools during the year:

North Walpole Schools:

General repairs were made to the ceilings of the Elisha Keep building, followed by two coats of paint. A new floor was laid on the piazza and a new railing installed.

In the John Kilburn building the seventh grade room was done over: ceiling, sidewalls, wood work and desks.

The cement steps and platform landing leading down to Main street were replaced, also the iron railing.

The playground equipment was painted, and the swings given additional bracing.

Both buildings are being rewired at the present time.

Number 14 School:

New stove has been installed. Some minor repairs around the building and playground have been made.

Walpole Village Schools:

New outside doors have been hung on the building housing the home economics department and lower grades, and also the manual training building. These doors were in very bad condition. The fence along the school yard has been repaired where necessary. Several new posts and girths were required.

I wish to express appreciation for the support and co-operation which I have received during the year from members of the School Board, headmasters, teachers, parents, and pupils.

Respectfully submitted,
THERON B. THOMPSON,
Superintendent of Schools.

REPORT OF HEADMASTER WALPOLE HIGH SCHOOL

Mr. Theron B. Thompson, Superintendent of Schools,
Walpole, N. H.

Dear Sir:

I herewith submit my annual report as headmaster of Walpole High School:

REGISTRATION

	Senior High	Junior High
Number of pupils enrolled,	85	33
Boys,	42	18
Girls,	43	15
Number transferred or withdrawn,	6	2
Present enrollment,	79	31
Number not absent or tardy,	12	3
Number of cases of tardiness,	15	9
Percent of attendance,		
Number of visits by citizens or others,	20	5
Non-resident enrollment,	11	0

The total High School enrollment is slightly less than last year while the total Junior High school enrollment is considerably less. This is due to a very small enrollment in grade 8. Of the number who withdrew from High School only two did so because of lack of interest.

The combined tardinesses for both Senior and Junior High Schools total 24, the majority of which are due to late busses.

Considering the serious epidemic of colds, the records of attendance is good and will probably be above the state average.

GRADUATES

There were twenty graduates in the class of June, 1945. Six of them are continuing their education in higher schools of learning. Two entered Catherine Gibbs School; one, Northampton Business School; one, University of New Hampshire; one, Dartmouth; one, Keene Teachers College. Four of the graduates are working at various positions in factories, farming, lumbering, stores, and offices.

SCHOLARSHIP

We are attempting to teach all the children as individuals. In order to do this we have to plan assignments that will allow our individual differences. Most teachers are using this method.

Pupils who are planning to go on to college must maintain a grade of 85 per cent or above in order to receive certification for entrance.

A most important part of high school training is to develop proper habits of study and application that will enable boys and girls to best do the thing for which they are fitted. Without this equipment there is little liklihood of successfully doing work of a college level.

For a school the size of Walpole our graduates are fortunate to have had a sufficiently wide selection of courses which should enable the ambitious ones to successfully do college work. Furthermore, the small school has

one distinct advantage over the large school in that pupils get closer and more personal supervision.

As with agriculture, home economics proves to be our most practical courses. The home economics courses given this year are: Clothing and Textiles, to freshmen and sophomores, and The Home to juniors and seniors. In the clothing class considerable emphasis is being placed on personal grooming and on making over clothes for the girls themselves or for younger brothers and sisters, as well as on the basic principles of dress making. The home management girls are studying how to make the most of their time and energy and to make the home a more attractive place in which to live. Two new units which are simple household mechanics and consumer education are being added to the course this year.

The Junior High School girls are studying family living, the planning and serving of simple meals, grooming for junior high schools girls, and simple sewing.

In addition to their class work, the home economics girls prepared and served a turkey banquet for the agricultural club, The Future Farmers of America.

A group of girls interested in home economics became affiliated with the national organization called The Future Homemakers of America, being one of the first high schools in the state to do so. This group holds bi-monthly meetings at which work of a constructive nature is carried on, with entertainments to promote interest in home economics.

AGRICULTURE

Even before the opening of school this fall the agricultural boys were showing much concern over their school work as evidenced by their keen interest and obvious disappointment over the apple crop failure. However, the harvest was sufficient for them to have a good sample and try their skill at identifying varieties as well as pest damage.

Anticipating the Cheshire Fair which is held the first week of the opening of school, the Future Farmer boys spent a number of summer evenings planning their exhibits and building a giant wheelbarrow which was to serve as a display stand. Much comment was heard concerning this work and the doubtful were quickly assured that the Walpole boys could handle their vehicle.

Aided by the wholehearted support of the teachers and student body, the annual fair enjoyed its most profitable year. Highlighting all other features was the square dance which concluded the activities.

On October 26, the boys journeyed to Durham where, as guests of the University, they participated in the Interscholastic Judging Contest. Walpole teams placed second in dairy and third in poultry judging.

Boys of the Future Farmer organization are hoping to send delegates to the Victory Convention to be held in Kansas City next fall. To defray expenses of the trip they are chopping wood on weekends.

During December our local chapter of the Future Farmers invited the Vilas chapter to a meeting and banquet which was served by the Home Economics Department.

At present our work is mainly in the farm shop where we strive to teach those shop practices which will prove most beneficial on the farm. In conjunction with this work the Future Farmer Foundation has made available two-hundred dollar awards to boys in this state. One of these is in farm mechanics and the other is in rural electrification.

NOON LUNCHES

The school lunch program has been considerably expanded this year to meet government specifications for the type B lunch. The purpose of this program is to supply a hot, well balanced noon meal for those children who are unable to go home for a warm lunch during the cold weather. It provides for at least one hot dish daily which includes a specified amount of vegetable or fruit, meat or

meat substitutes, and enriched or whole wheat bread for each pupil. These lunches are sold at about half the actual cost. They are prepared each week by a group of girls from the clothing class. Cleaning up after the lunch is done by girls of the junior high school. These girls deserve a great deal of credit for the work and enthusiasm they have given the lunch program. In conjunction with the lunch program is another federally aided program, the sale of milk which like the lunch, is sold at approximately half cost. Both programs are proving very popular with the student body.

EXTRA CURRICULAR ACTIVITIES

Extra curricular activities have come to play an important part in the development of a well rounded individual. They tend to broaden the pupils' characters, horizons, and abilities, and for these reasons more boys and girls should be encouraged to participate in them. Because of often limited facilities in our school these activities are often difficult to carry out.

Our activities are divided among various teachers who are responsible for their supervision. These include assemblies, school socials, play acting and athletics.

The Student Safety Patrol, under the sponsorship of the Blue and White Club has performed its duties of guiding students across the streets in a very commendable fashion.

Basketball continues to prove a popular game with more than thirty girls and fifteen boys participating. Touch football has also proved popular with the boys during the fall term. An inter-class tournament was held and several games were scheduled with other schools.

Although the war has ended we have continued the sale of bonds and stamps in school. While the sale is not as high as it was during the war period, many boys and girls are continuing the excellent habit of saving.

A paper salvage drive, aided by the American Legion, netted several tons of paper. Another is planned for later

in the year. As the paper shortage is still acute the people of Walpole are asked to save their waste paper.

The student body has also contributed money for worthwhile drives such as the Junior Red Cross and March of Dimes Campaign.

In closing, I wish to thank you, the School Board, the teachers of Walpole, and the citizens of this community for your whole hearted support in our common endeavor.

Respectfully submitted,
EDWIN BETZ,
Headmaster, Walpole High School.

REPORT OF PRINCIPAL NORTH WALPOLE SCHOOLS

Mr. Theron B. Thompson, Superintendent of Schools,
Walpole, New Hampshire.

Dear Sir:

I herewith submit my annual report as Principal of the North Walpole Schools.

REGISTRATION

The summary of the first twenty weeks of the school year is as follows:

Grade	Boys	Girls	Total	Attendance	Tardy
Kindergarten,	9	8	17	92.49	2
Grade 1,	12	6	18	88.75	0
Grade 2,	7	8	15	95.58	0
Grade 3,	13	6	19	95.43	1
Grade 4,	9	10	19	92.49	11
Grade 5,	8	9	17	95.38	5
Grade 6,	4	7	11	97.41	6
Grade 7,	12	8	20	95.56	21
Grade 8,	10	10	20	95.61	25
Totals,	84	72	156	94.41	71

The total enrollment has remained approximately the same for the past few years. The attendance record for the school as a whole is good. Most of the absences which have occurred have been due to sickness. Our tardiness record showes a decided improvement over last year, having dropped fifty-eight percent. I wish to thank the parents for their cooperation in seeing that their children get to school on time.

The unit plan with differentiated assignments is now being used in the teaching of the subjects in grades seven and eight. By this plan individual differences are taken into account as well as the varied interests and abilities of the pupils.

The reports from Bellows Falls High School on the work done by our graduates has been generally satisfactory.

A majority of the teachers are now taking the extension course in reading which is being presented at the Bellows Falls High School by members of the Boston University School of Education Faculty. This action taken by the teachers is to be commended for both teachers and pupils will benefit as a result.

Teachers meetings are held once a month. At these meetings current school problems are discussed and a solution in generally arrived at. We are indeed grateful to Mr. John Aylward for his talk on, "Work of the Teachers", to Mr. Willis Patton of Keene for his talk on "Hobbies", and to Miss Brannon of the Bellows Falls High School Faculty for her talk on "English Requirements for a High School Student". These talks were presented at teachers' meetings held for those special occasions.

Tests in the fundamentals have been given in grades three to eight as a guide in providing remedial work for those who need it.

ORGANIZATION

Our athletic program for the winter, because of limited heating facilities, has been curtailed to a chosen few. Again I wish to emphasize that this condition should be

remedied so that the majority of the pupils might derive the benefit of participating in competitive sports.

The school safety patrol has continued its good work of other years, in guiding our pupils across the main lines of traffic in the morning and in the afternoon. I wish to express my appreciation to the boys and girls who during fair and bad weather have performed this duty with such splendid results.

The exhibit of the regular daily school work of the pupils of all the grades, and of the work done in the "interest period", held in May, was well attended by the townspeople and other visitors. Many favorable comments were expressed on the character and kind of work presented. Our next exhibit will again be held in the spring of the year.

The seventh and eighth grades presented two one-act plays, "Trial by Fury", and "The Play that Nearly Wasn't", early in the spring. Both of these were received with enthusiasm by the audience. Miss Mulcahy, as director of the casts should be congratulated upon the fine performance given. The operetta "Bobby" will be presented in February.

Assembly programs are held once a week under the guidance of Miss Mulcahy, the English teacher. Readings, current events plays, and piano selections make up the programs, with all the jupils participating several times a year. The teachers and myself wish to thank Mrs. Arthur Davis of Walpole for giving us a pleasant afternoon at one of our assemblies with her impersonations. Other programs have consisted in talks by returning servicemen.

The pupils of the school have again contributed generously to the Junior Red Cross, New Hampshire Tubercular Fund, The March of Dimes, and the war effort. In all of these drives the school has reached practically one hundred per cent participation by the various grades.

I wish to congratulate the teachers on the effort and enthusiasm shown in supervising the playground during the recess period. I am sure that coming into contact

with their pupils on the playground has enabled them to understand their pupils better, and thus provide for a more harmonious feeling between pupil and teacher in the classroom.

The pupils of grades seven and eight are again helped in meeting their English requirements by books procurred from the State Library.

Fire drills have been held at different times during the school year. These are carried on so that the pupils have practice in leaving the building from different exits. We have continued to clear the building in less than a minute.

Visits to the school by parents and citizens have been few. I wish that more of the parents would visit school so as to familiarize themselves with the work of the school.

The teachers join with me in expressing their appreciation to the school board, superintendent, townspeople and pupils for making the school year a pleasant one.

Respectfully submitted,
JOSEPH DUBE,
Principal.

VITAL STATISTICS

At the request of the Selectmen, there is submitted herewith a transcript of the births, marriages and deaths as recorded in the Office of the Town Clerk for the year ending December 31, 1945.
